with regard to every body of that description, i.e. every body, who has not ardent, elevated piety ——

Our lesson to day is the 2d Chap of Hebrews. in Mr Stuarts commentary — we recite in this, twice a week to Mr Newton, Mondays and Fridays — While Mr Stuart gives lectures, to the Seniors, on Eccl History — Not a very profitable arrangement this. for our class —— it Tuesdays, Thursdays & Saturdays. We have read the prediction of the destruction of Jerusalem, in Matth 24th — & are now upon the last conversation of the saviour with his disciples John 15 & 16 — shall finish it this week — Prof T. preached a week ago yesterday, 2 very clear & forcible discourses, on the Nature of Sin — Text. "The Soul that sinneth it shall die" — Yesterday two more, equally clear & forcible from Mat 25th 44. "Then shall they wicked answer &c A.M. He showed that the wicked made a very great mistake in regard the estimate of their own characters. — P.M. He showed from the Nature of the case, that there could be no such thing as an impenitent sinners being received to Heaven —— I recd a letter from N. Haven last week, stating that Lemuel the Salutatorian for next Commencement, had been dismissed, for drunkenness — Stevens & Douglas of the Senior, & Sherwood of the Junior Class need to be taken into the Church

Br Phelps

I need your bundle containing the letter & address last Saturday week — I am sincerely grateful for the favour thus confered — I forwarded the address immediately, & hope to hear from Br H. soon — I recd a letter last week, which stated that his only remaining son was in a feeble state of health & that his case is alarming, — their afflictions are indeed multiplied — I hope & pray that they may be sanctified

You supposed that I had heard more about your residence at Berwick, than and the "circumstances of the case"; than was really the fact — I had heard the suggestion from some one, I do not now recollect who, that there were some strong attractions there — However it is all well, & if you keep "your face as a flint" in respect to the various allurements around you, it will be better — Br Jewett explained to me the term 'Broad Character' or I should not have understood it at all — How important are definitions! — Br Young was much interested to hear from his people — & told me so much about them, that I felt interested for them, I mean as it regards their religious affairs — Br Jewett said he was very glad if your assertion was true, with regard to that "said body" who is now at Br — I should be sorry if it you were not able to make such an assertion —
